TE 7-A CPC 36 V Li Rotary Hammer Drill

Drilling range 3/16" - 1"
Optimum drilling range 5/16" - 3/4"

Features & benefits

- Strong motor delivers impressive impact power for effective chiseling and efficient drilling
- 3 modes of operation including: rotation only, rotation with hammer, and hammer only (chiseling function)
- Virtually dust free drilling with the optional self-contained dust removal system (DRS)
- Works with Hilti 36 V Li-Ion CPC and 36 V NiCd batteries

Applications

- Drilling anchor holes in concrete and masonry with drill bits up to 1" in diameter
- Light chiseling on concrete and masonry
- Drilling in wood or steel where high torque is required
