

Husqvarna Portasaw ® MS 355

The industry's best built, longest lasting portable masonry saw is now even better with standard carrying handles. The removable handles make the Husqvarna Portasaw MS 355 easy to carry and easy to store. The most reliable saw in the market is easy to set-up and transport. Includes Super premium 14" MI5 diamond blade.

Features Husqvarna Portasaw ® MS 355

- Patented Sta-Level® Blade Guard
- 2 Pivot Points
- Large Conveyor Cart
- Optional foot pedal kit allows the operator to use their foot to lower the blade into the material.
- New replaceable rails make alignment of cart easier.
- New design has wider opening in back to allow larger material to pass through.
- Saw head comes preassembled to frame.
- High torque continuous duty 110 or 220 volt electric motors, a 4.8 hp Honda gas engine or the new 4.5 hp Subaru gas engine provide high power and long life.
- Only two pivot points for reduced saw maintenance and longer diamond blade life.
- Plunge cut or lock the head and use with the rolling cart.
- The optional foot pedal kit reduces operator fatigue when plunge cutting.
- Sta-level® blade guard keeps the blade guard parallel to the cutting table for accurate cuts.
- The side handles make moving the saw easier.
- Pivot lock bar moved to front for convenient raise/lower operation of blade.
