

3000 PSI
2.8 GPM

PROFESSIONAL PRESSURE WASHER

PowerShot
3000

The Simpson® PowerShot 3000 has been described as the perfect pressure washer for paint preparation, deck cleaning, and many more cleaning jobs around homes, farms, and businesses. With its compact design, the PS3000 is easy to load and takes up very little space. While small in stature, this machine is big on performance delivering 3000 psi at 2.8 gpm. The Honda® GX200 engine is perfectly matched to a CAT® pump for years of reliable cleaning.
